## Thank you for living the value of **Partnership and quality**

Dear Prateek,

Thanks to your efforts on the Brightspeed Enterprise engagement, the team has been able to accomplish the monumental task of redesigning and redeveloping the Brightspeed Business website in less than 3 months. Given our teams small-but-mighty size and the clients high expectations, delivering a high-quality product that our client can be proud of was no small feat. But with your positive outlook and visual design skills, our team was able to deliver on the scope of the project while also keeping our client excited, engaged, and very appreciative of having CGI's support. I'm looking forward to our team's future on this client engagement, and it couldn't have been possible without your help.

Cheers to you!
