- Design system
  - Stakeholder mgmt
  - 508 compliance testing
  - Affinity mapping
  - User interviews & surveys
- Managing UX team
  - Wireframing, prototyping
  - Usability testing
  - User flows/personas/journeys
  - Accessibility testing

## Professional Experience

Senior UX Designer - CGI Inc. | March 2022 - Present

Arlington, VA | March 2022 – Present

Received an Award in 2023 | [Celebrating CGI's Values: Partnership and Quality](#)

- Led complex digital products applications through multiple lifecycle and complex stakeholder management.
- Managed CGI’s relationship with [Brightspeed Business](#), leading design sprints with VP and marketing team to enhance customer acquisition, reducing customer attrition through improved CX with the launch of new products.
- Helped Brightspeed launch their brand online by migrating & redesigning **50+ webpages from Lumen and Centurylink** to the new Brightspeed experience, while also creating **15 new AEM** components to meet design needs.
- Organized a UX workshop with the client, which involved activities like affinity mapping, rose-thorn-buds, user personas/journeys, & competitive analysis to clarify goals and define immediate user and business needs.
- Led the migration of design system from Sketch to Figma, revamped guidelines, font system, color usage, buttons, and components across desktop, tablet, and mobile for consistency & reusability.
- Created mid to high-fidelity prototypes in rapid prototyping sessions to gather user feedback & drive iterative dev.
- Facilitated development meetings to comprehend coding limitations in Adobe Experience Manager (AEM) and provided feedback to streamline component development with time, resource, and development constraints.
- Leveraged Google analytics to track the performance of the product, which showcased a significant boost over **47% increase** in page views, coupled with a **45% increase** in unique pageviews, and a **whopping 70% drop** in bounce rate.
- Led a team of 4 product designers to design a VR experience where users can practice high stress social tasks to build skills and confidence. The initiative was to help CGI venture into XR industries.
- Designed infographics, logos, cover letters and brand elements for the State of Illinois, child welfare (DCFS) program.

UX/UI Designer - Softrams LLC.

Baltimore, MD | March 2019 - April 2022

- Led a team of 2 researchers & designers to design [ACO Management System Medicare Shared Savings Program](#), a healthcare product under the Center of Medicare & Medicaid services (CMS), a federal agency. Designed new modules in the existing system & collaborated with CMS stakeholders to establish product vision and MVP features.
- Re-designed existing modules with UX research methods, also advocated for clear UX writing and 508 compliance testing (accessibility) using wave/web-aim tools. According to the [performance results of 2019](#), ACO-MS had a record year with users saving **\$1.2 billion in Medicare** as compared to **\$739 million** in 2018.
- According to [performance results of 2022](#), there was a significant user growth, with 66 new enrollments & 140 renewals. Over **11 million beneficiaries** received care, reflecting a **3% growth of 324k** compared to previous year.
- Delivered pixel perfect high-fidelity prototypes for a business contract, which resulted in a [\\$37 million program](#).
- Leveraged design thinking & led the research and design of a healthcare SaaS app ([Hdrive](#)) for file sharing and storing. This workflow involved affinity mapping, rose-thorn-buds, user personas/journeys, competitive analysis, user interviews & low to high fidelity prototypes to define and validate user & business needs.

Web Developer & UX/UI - Carmaguys LLC. (Co-op)

Worcester, MA | July 2018 - Dec 2018

- Redesigned and developed an appointment & scheduling app for car service and repair startup.

## Education

Worcester Polytechnic Institute, Worcester, MA  
Interactive Media and Game Development, Master of Science, 2016 – 2018

- [View Master’s Thesis](#) - Designed and implemented a car driving simulator to teach driving rules and regulations, incorporating user research, A/B testing, and usability tests to enhance effectiveness and user experience.

University of Mumbai, India  
Computer Engineering, Bachelor of Science, 2011 - 2015
